Second release by LIEBE IST COOL on Bruchstuecke Records and part two of a ongoing lovestory: „the intimate, post-minimal House-Tracks appear in a crystalline, digital aesthetic. The songs of LIEBE IST COOL are serious and affectingly at the same time as they are some of the bounciest and humourously house around.“

Our music is a window into our lifes and tell our love-story. We produced already 20 twenty songs, who tell our whole lovestory in kind of a chronology. The “Feder EP” (plume EP) is a second selection out of it. The whole story is published on our website www.liebeistcool.de with more details and pictures.
