Bruchstuecke 04 Blume EP vermittelnde-elemente

The first release by a producer outside of town. The Stuttgart-based Robert Ackerle picks up layers of effects and arranges them new. He reflects past in presence, starts with the same loop as the one, everything ends.

Bruchstuecke 05 Domino EP Styro2000

A very reduced release, based on a dry bassdrum with strange sounds and swinging shuffles. Track B1 was selected for the TimeWarp-Compilationn, mixed by Riccardo Villalobos.

Bruchstuecke 06 Stiel EP vermittelnde-elemente

The Stiel EP is thought as an organic process of the flower EP. The Tracks paint a flexibel image of what could be: urban, mediating elements, which deliver many-layered and danceable impressions.
